

## Benders

### Tooling for PHI Benders and Other Bending Machines

PHI is a full-line supplier of bender tooling. When you choose PHI for your bender tooling needs, you will enjoy the quality and reliability that comes with all of our tube bending machines.

**Tooling Solutions From One Reliable Source** PHI's tooling products are manufactured in the same plant as all of our tube bending and end-finishing machines. When producing tooling solutions, our skilled team of craftsmen apply the same quality standards and performance requirements that are found in our PHI tube bending and end-finishing machines.

When you need tooling solutions from a reliable source, trust the experts at PHI. Let us give you a quote and provide you with customized tooling solutions for any bending machine.
